21:55 TV interviews and protocol
22:15 End of 2025 Bowling Pro-Motion Tour

ADDITIONAL INFORMATION

In case of a tie, different tie-breaking methods are applied depending on the round.

For tiebreakers: Matches tied in eliminations will be decided by the last game played, favoring the highest score. If tied again, the previous game will be considered, and so on. For "Baker System" or individual matches, ties are broken by a one-ball throw with 10 pins, favoring the highest score. If tied again, another throw follows the same rule. For individual matches, women have 8 bonus pins per game during the 18 games of qualifying as well as TV Final matches. However, the maximum score taken into account for a woman, including bonus, cannot exceed 300.

In the event of a team or player withdrawing for whatever reason, the absent team or player will be declared the loser without any further notice/impact. In all circumstances, players must wear correct clothing and behave in a sporting manner. During the entire competition, smoking and consuming alcoholic beverages are prohibited.

Cleaning your ball with solvent products (USBC approved) or using abrasives is only permitted between phases of the competition. Participation in the Bowling Pro-Motion Tour 2025 entails full acceptance of these regulations.

In total 12 TV matches
1 -23 single match
2 women's singles matches
7 mixed masters singles matches
2 team matches
